### Rules and Etiquette:

Surfing is down the middle on a sequence of five waves, waves 3-5 are surfable. **Maximum 3 people on these wave sets, one per wave. Please communicate with each other which wave in the set you will be catching.**

This is to prevent collision and injuries, so please wait your turn and keep to the 3 people max rule. Access to the back of the pool along the sides where the waves are weaker, and to avoid the surfers. Be always aware of your surroundings, especially when rolling up, or swimming.

If this is your first time at the wave pool please ask for tips to get full enjoyment of the session.
